Volume 26 Issue 4

January 22, 2023

“And so in the present case, I say to you, stay away from these men and leave them alone, for if the source of this plan or movement is men, it will be overthrown; but if the source is God, you will not be able to overthrow them; or else you may even be found fighting against God” (Acts 5:38-39 NASB).

Celebrate

Friends and family. John Huffmyer is going to be having a 90th Birthday January the 28th. Please be a part of that celebration by mailing him a birthday card with a story or your fond thoughts of years gone by. He would enjoy the cards and efforts given to him. Please mail them to: John Huffmyer
4600 Hannon Drive
Farmington, NM 87402

Or give him a call at: 1-970-901-7162. Keep in mind that he struggles to hear over the phone. Please share this text with anyone you think may have known John.

Thank you so much,
The John Huffmyer Family

How Gullible Are We?

A freshman at Eagle Rock Junior High won first prize at the greater Idaho Falls Science Fair, April 26, 1997. He was attempting to show how conditioned we have become to alarmist practicing junk science and spreading fear of everything in our environment. In his project he urged people to sign a petition demanding strict or total elimination of the chemical "dihydrogen monoxide."

And for plenty of good reasons, since it:

- It can cause excessive sweating and vomiting.
- It is a major component in acid rain.
- It can cause severe burns in its gaseous state.
- Accidental inhalation of this chemical can kill you.
- It decreases effectiveness of automobile brakes.
- It has been found in tumors of terminal cancer patients.

He asked fifty people if they supported a ban of the chemical. Forty-three said yes, six were undecided, and only one knew that the chemical was H₂O (water). The title of his prize-winning project was, "How Gullible are We?" (Source: bible.org, 2/2/09).

By twisting the truth and promoting fear, someone can cause us to reject the thing we need for life.

Let's make sure that we are not gullible when it comes to the teachings of our Lord Jesus Christ. Too many Christians believe without investigation. They simply swallow whatever the author, professor, preacher or Bible class teacher promotes. We should work hard to know the differences between truth, error, and opinion. Let's follow the example of the Bereans who examined the Old Testament scriptures daily to make sure the apostle Paul was preaching the truth (Acts 17:11). Biblical gullibility leads to fear, doubt, error, division, and eternal damnation. Don't be gullible. Be a truth-seeker.

Chuck Marshall
Farmington, NM
